

ARCHITECTURAL COMMITTEE APPROVAL APPLICATION

(Please submit online at www.eneighbors.com for expedited review)

The Architectural Committee will normally consider applications within one week of submission electronically or within two weeks of delivery of a hardcopy. Your application is required to be approved prior to commencement of your project. Please allow sufficient time for Architectural Committee review when submitting your application.

If you are unsure of the items covered by this procedure, the following list of actions generally requires an application. This is a limited list covering most construction. If the physical change you are contemplating is not listed, it does not mean approval is not required since virtually all exterior changes/additions require Architectural Committee approval.

If you have any questions, please call any of the Architectural Committee members. Their phone numbers are listed every month in the Homes Association's newsletter. Please fill out the form electronically. If submitting a hardcopy, please drop this application in front of the Clubhouse, deliver it to a member of the Architectural Committee or mail it to Nottingham by the Green/Knightsbrooke Architectural Committee, P.O. Box 25501, Overland Park, KS 66225-5501.

Thank you for your cooperation in adhering to the bylaws of our community. With your cooperation, we will maintain an esthetically pleasing neighborhood and retain high resale values the bylaws and restrictions are intended to protect.

(Please provide this information to help expedite the approval process and receive timely communications.)

Name _____ Date _____
