

Pre-Qualified Roofing Materials

The following roofing materials are pre-qualified by the Architectural Review Committee (ARC). The ARC chair may approve roof applications using a pre-qualified material and color. Applications using other materials or colors will require at least three members of the ARC to approve the request. Materials may be added or deleted from the pre-qualified list by a majority of the ARC members.

Brand	Style	Color(s)
GAF	Timberline HD	Barkwood, Charcoal, Slate, Weatherwood
	Timberline Ultra HD	Barkwood, Charcoal, Slate, Weatherwood
	Timberline Natural Shadow	Barkwood, Charcoal, Slate, Weatherwood
	Timberline ArmorShield II	Barkwood, Charcoal, Slate, Weatherwood
	Impact Resistant (IR)	
TAMKO	Heritage Premium	Weatherwood, Black Walnut, Natural Timber
	Heritage Vintage	Weatherwood, Rustic Brown,
	(Heritage & Heritage Woodgate do not meet minimum warranty requirements)	

Application Requirements

All roofing projects require ARC approval prior to the start of any work. The ARC has up to 30 days to approve or deny any request. However, the ARC attempts to expedite all requests. In order to expedite ARC roofing requests, please provide the following information with your ARC application.

Single Manufacture (i.e. GAF)

Shingle Type (i.e. Timberline HD)

Warranty (i.e. 50 year)

Contractor Name and Contact Information (i.e. Jones roofing, 100 Main St, Shawnee, KS 913-555-5555)

Copy/Verification of State Roofing Contractor Registration

Copy/Verification of Johnson County Contractor Licensing
