

Newsletter

1st Quarter 2021

Welcome!

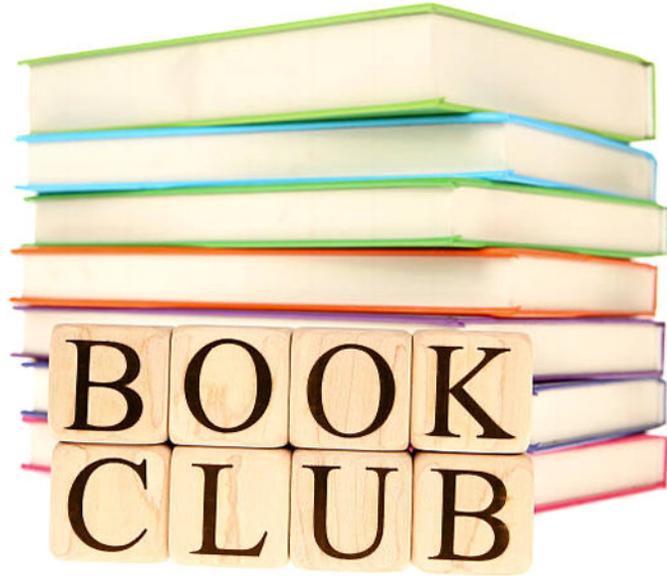

Welcome to the first quarterly newsletter for the Grove by the Sea.

We welcome submissions from all neighbors on content, events, and announcements such as birthdays, retirement, wedding, anniversaries, new babies, etc. It is our goal to introduce content that is relative, positive, and enjoyable for all in our Grove community! So, if you have any suggestions, please send them to [Nancy Abraham](#) or talk to anyone on the social committee.

The Grove by The Sea

Book Club

Introducing "On the Same Page"

These are books. Otherwise known as an analog Kindle.

Last year a few of us were discussing the idea of a GBTS neighborhood book club. Clearly the pandemic curtailed those plans. Because we currently cannot have a traditional meeting in someone's house, it would be nice to just share a list of books our neighbors are reading. It could grow into a monthly in-person meeting when we are comfortable getting together.

In the meantime, we can all submit titles we've either read and think others would like, or books we have heard about that we would like to read. They do not have to be current best sellers. I will request that an eNeighbors page be created for the group to post recommendations.

If your traditional book club has been suspended, or you are not comfortable attending, this is a chance to read something your neighbors may want to discuss when we get back together. Submit a title or two for inclusion on a list we will share on eNeighbors by the end of February and we can recommend a book to read starting in March.

Pickle Ball

It's like tennis, badminton, ping-pong, and beer pong combined.

This is pickleball. Note the conspicuous lack of pickles.

We are in the process of trying to organize a neighborhood Pickleball game. If anyone is interested in playing and/or helping, please post your name on the [eNeighbors Pickleball](#) page. [Here are the rules of playing pickleball](#) so you can get ready to play!

A big shout out to Steve Kester for helping to organize this for the Grove! Anyone interested in playing or helping to organize, please email Steve at swkester@gmail.com.

eNeighbors

If you are not already signed up for eNeighbors, please reach out to the Fisher Smith at Community Management Associates for instructions. Since 2014, eNeighbors has provided The Grove a private neighborhood forum, documents repository, and meeting space.

eNeighbors

Owner Spotlight

Each newsletter will introduce a neighbor in The Grove.

Meet the Stovers from Nashville TN. They are the new owners of 382 N Andalusia. Maile and Jeremy Stover are thrilled to be on 30A and in The Grove. They were married on Blue Mountain Beach and this part of the world is one of their favorites. They have 4 children, a son, Cain (17), a daughter, Kona Blue (9), and twin boys, Bo and Luke (5). They are so happy to be here and enjoy the beach and community with their children.

Neighborhood News

As always go to [eNeighbors](#) for the most up to date and detailed information but here are the trending topics for our neighborhood:

- Spring Break is just around the corner. [Take a moment to revisit the neighborhood rules and guidelines.](#)
- Work has begun on the drainage area on N Andalusia (across from the post office kiosk). **A temporary traffic light will be installed for directing the one-way traffic flow.**
- Ground Maintenance and pool maintenance proposals are being planned so stay tuned for updated information from the Board.
- As a reminder, please contact the ARC to understand the process for any home additions/remodels.
